Step by Step Instructions

Step 1

Create your own aperture by hand cutting a wonky rectangle in a piece of paper. Adhere this on top of a piece of Creative Expressions watercolor card stock.

Step 2

Paint a washed out painted background using Cosmic Shimmer Watercolor Palette #9 Frosted & Chic.

Step 3

Cut the watercolor card down to 5" by 2" and ink the edges of the rectangle with Distress Ink Evergreen Bough.

Step 4

Add splatters by using the same watercolour palette. With just a tiny bit of water tap the paint brush creating the splatters. The less the water used the darker the splatters.

Step 5

Stamp, color and fussy cut the tall giraffe from the set. Use watercolour pencils, paint, inks or alcohol pens to colour him in.

Step 6

Heat emboss the sentiment from the Creative Expressions "Moments In Time" stamp set in white on black card stock and cut with scissors.

Step 7

Add both the giraffe and the sentiment to the watercolor panel and add that panel to a 3" by 6" card base. (Mini slimline size card).

Step 8

Lastly add small dots of Cosmic Shimmer "Fluffy Stuff" to simulate snow falling, then using your heat gun heat them up until they puff up.
