PIMSWHITE	Pink Ink Multi Surface Paint White 50ml
PIFLUFFIT	Pink Ink Designs Fluff It Paste 50ml

Heat Gun, Glue, Foam Pads/Craft Gel, Black Ink Pad, Paint Brush

Box Template and Frame Template should be printed out at actual size onto A4 card using a photocopier (can be reduced for smaller projects if required).The box frame when constructed will be 200 x 240 and 30 mm deep.

Step by Step Instructions

Step 1

Photocopy the box template directly onto your chosen paper, one sheet for the box and one sheet for the frame.

Step 2

Score all dotted lines and cut all solid lines on Box and Frame templates.

Step 3

Brush Inky Blue paint on the inside edge of the box.

Step 4

To create the background, squeeze some Royal Purple and Atlantic Blue onto a mat or tile, dilute with water and lay the 3rd sheet of paper onto the colour, spritz with water for different effects (optional). Leave to dry.

Step 5

On the 4th sheet of paper stamp the bear and sentiment. With a brush, lightly stipple some 'Fluff It' paste over the bear's body making sure you do not cover any of the illustrated lines. Thickly dab more paste over the bottom of the frame to indicate snow. Heat the paste with a heat gun until it has fluffed up.

Step 6

Add colour to the bear and the sentiment, cut out both pieces leaving a narrow gap around the stamped lines.

Step 7

Glue the tabs on the frame and attach to the side of the box making sure the tabs are on the outside and cannot be seen.

Step 8

Select an area on the 'background' sheet and cut a rectangle slightly smaller than 140 x 180mm. Stamp snowflakes and trees onto the background adding red and white colour for extra detail. Glue the back of the background and attach to the inside of the box.

Step 9

Attach the sentiment inside with craft foam pads or craft gel and add the bear to the face of the frame. Add splashes around the feet.
