Step by Step Instructions

Step 1

Sprinkle the Pixie Powders and spritz with water to activate and use a brush to blend the colours, add as little or as more as you wish to create the background you desire. Allow to dry.

Step 2

Using the decorative die, die cut from white card and adhere to the Pixie Powder coloured card. Once the glue has dried, fussy cut around so you just have the apple.

Step 3

Now die cut in white card the outside cutting edge and layer behind the colourful apple design.

Step 4

Add a sentiment of your choice.
