<b>EF3D-002</b>	Bountiful Blooms 3D Embossing Folder

**CED9306** Shadow Boxes Collection Scalloped Lattice Frames – Set B (optional)

Spray bottle, Die cutting machine, Foam tape

## Step by Step Instructions

**Step 1**

On Coconut White card sized 10 x 13cm, stamp the flowers with Versafine ink.

**Optional:** you can use the Shadow Boxes Collection Scalloped Lattice Frames Set B to cut this card.

**Tip:** Versafine gives a nice clear impression and can be coloured with markers or any kind of watercolour without smudging.

**Step 2**

Stamp the flowers again on a small piece of Coconut White card.

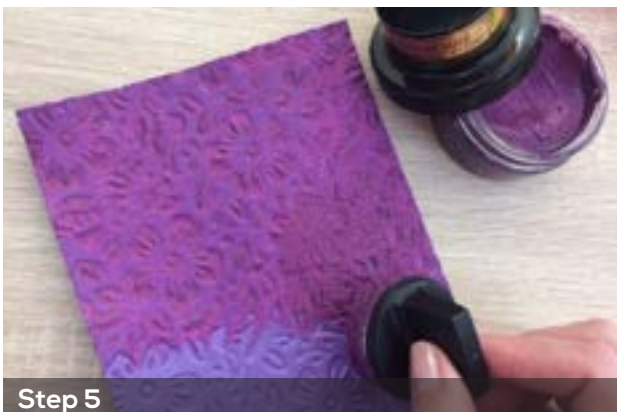

Step 3

Colour the flowers on the small piece of card and the petals on the bigger card with Cosmic Shimmer Shimmer Shaker's diluted with water to make a watercolour paint. Keep a piece of cloth to take off too much water from your brush, and a bowl of clean water to clean your brush in between colours.

Step 4

Fussy cut the coloured flowers and attach them to the card with foam tape over the stamped image, for extra dimension and interest.

Step 5

Emboss a 21.8 x 17cm piece of Amethyst card using Bountiful Blooms embossing folder and colour it with Cosmic Shimmer Glitter Kiss in Antique Rose.

**Tip:** Apply generously so it gets into the debossed parts and go over it again to take off the excess and get a thin layer on the raised parts.

Step 6

Stamp the sentiment onto a small piece of Coconut White card.

Step 7

Stamp the flowers with the Chalk Cloud ink on a piece of Coconut White card sized 3 x 14.8cm. Tape it to a strip of Wisteria card sized 4 x 14.8cm. Tape the Glitter Kiss card to a white base sized 14.8 x 29cm and tape the strips on top.

**Tip:** Where it says tape you can also use glue, I find tape very easy and less messy to use on the particular card.

Step 8

Position all the pieces on the base card. Glue into place.
