These handy tools will make your card creation process much simpler!

Die cutting machine, Mounting Foam, Craft Sheet

Step by Step Instructions

Step 1

Cut coconut white card to 11.5cm x 16.5cm and stamp image from JGS725 petal trio using a black ink pad. Using frayed burlap and a little peeled paint distress ink, colour edges using an applicator. Cut contrasting coloured card to 12cm x 17cm for the backing layer. Adhere both pieces together and mount onto the base card.

Step 2

Die cut a 9cm circle from coconut white card using Nobel Dies CED5513. Stamp flowers with black ink (only part of the image is used) as shown. On a scrap piece of coconut white card, stamp in the middle the flower with black ink, cut out and set aside.

Floral 'Spotlight' Trio Card

Step 3

Stamp greeting from JGS719 circle words with a matching colour ink pad onto a die cut circle. Distress edges as before. Stamp greeting from JGS720 word fragments, distress edges and layer onto contrasting card.

Step 4

Apply seedless preserve distress ink to a craft sheet and pick up colour with a damp brush and colour in the flowers on the die cut circle. Colour leaves with a green alcohol marker. Colour in the cut out flower with distress ink, once dry apply more colour using an applicator around the edges of the flower. Colour all centres with peeled paint distress ink.

Step 5

Using foam pads on the back of the large die cut circle, stick over the image on the base card, matching up the lines. Apply foam pads to the cut out flower and stick over the circle as shown. Position greetings as desired. Finish off flowers with pearls of Cosmic Shimmer coloured PVA in spring green.
